

Geun-Ho Han

Postdoctoral Researcher of Chemical and Biological Engineering at Northwestern University
2145 Sheridan Rd, Evanston, IL 60208, United States
Mobile: +1) 847-772-2124, E-mail: han.geunho@northwestern.edu, han24362192@gmail.com

BRIEF INTRODUCTION

- Received Ph. D. (Aug 2021) and B.Sc. (Feb 2016) in Chemical and Biological Engineering at Korea University. Present research career has been advanced in Northwestern University as a postdoc.
- Had experiences in heterogeneous catalyst development, especially for Biomass conversion to biofuel, Natural gas conversion to aromatics, Direct synthesis of hydrogen peroxide, and Propane oxidative dehydrogenation by CO₂ or O₂.
- Developed high-performance catalytic nanomaterials using Atomically designable synthesis, Characterization skills, and an in-depth understanding of Mechanism/kinetics with knowledge of Computational simulations.
- Had expert in atomic layer deposition and colloidal nanomaterial synthesis (morphologies and compositions) in addition to general synthesis.
- Had broad experiences in material characterizations: XRD, XPS, N₂ physisorption, TPX, FT-IR, TEM/STEM, ICP, ellipsometer, and AFM, and chemical analysis: GC, MS, NMR, and titrations.
- Achieved **25 papers in peer-reviewed journals, 9 patents, 6 awards, and 9 oral/poster presentations**.
- Enthusiastic about impacting sustainable society, and establishing practical approaches in industry.

H-INDEX: 13 (Google Scholar) | 12 (Scopus)

TOTAL CITATION: 449 (Google Scholar) | 427 (Scopus)

RESEARCH INTEREST

Heterogeneous Catalysis; Nano Synthesis; Atomic Layer Deposition; Hydrogen; Energy Storage (NH₃); Computational Simulation; Liquid Organic Hydrogen Carriers; Biomass Conversion; Direct Synthesis of Hydrogen Peroxide

EDUCATION

Ph. D.	Korea University , Chemical and Biological Engineering, Seoul, Korea Dissertation title: <i>Development and Understanding of Bimetallic Nano-Catalyst for Direct Synthesis of Hydrogen Peroxide</i> (Dissertation advisor: Prof. <u>Kwan-Young Lee</u>)	<i>Mar 2016-Aug 2021</i>
B. S.	Korea University , Chemical and Biological Engineering, Seoul, Korea	<i>Mar 2012-Feb 2016</i>

RESEARCH CAREER

Technical Research Personnel	Alternative military service, Affiliated in Republic of Korea Army , Korea University, Chemical and Biological Engineering, Seoul, Korea	<i>Mar 2019-Feb 2022</i>
Postdoctoral Research Associate	Korea University , Chemical and Biological Engineering, Seoul, Korea (Postdoctoral advisor: <u>Kwan-Young Lee</u>)	<i>Sep 2021-Apr 2022</i>

Postdoctoral Researcher	Northwestern University , Chemical and Biological Engineering, Evanston, Illinois, 60208, United States (Postdoctoral advisor: <u>Justin M. Notestein</u>)	<i>May 2022–Present</i>

AWARDS

- 2020 KU Graduate Student Achievement Award (Korea University) 2020
- Best Paper Award (Korea University) 2020
- Young Scientists Award (The International Association of Catalysis Societies, IACS) 2020
- Best Oral Presentation Award (Fall Meeting and International Symposium, The Korean Institute of Chemical Engineers) 2018
- Best Poster Award (Fall Meeting and International Symposium, The Korean Institute of Chemical Engineers) 2016
- Best Poster Award (Nano Korea 2016, Nano Korea) 2016

INVITED PRESENTATIONS

1. 5th Catalysis and Chemical Engineering, Virtual presentation, February 24, 2021. (**Invited Speaker**)

PRESENTATIONS

10. NAM28: The 28th North American Catalysis Society Meeting, Rhode Island, the United States, June 20, 2022 (**Oral**)
9. The 5th International Conference on Molecular Simulation, South Korea, November 3, 2019 (Poster)
8. KIChE Fall Meeting and International Symposium, South Korea, October 23, 2019 (Poster)
7. The 8th Asia-Pacific Congress on Catalysis, Bangkok, Thailand, August 7, 2019 (**Oral**)
6. KIChE Fall Meeting and International Symposium, South Korea, October 25, 2018 (**Oral**)
5. KIChE Fall Meeting and International Symposium, South Korea, October 24, 2017 (Poster)
4. NANO KOREA, South Korea, July 12, 2017. (Poster)
3. International Symposium of Green Chemistry, La Rochelle, France, May 17, 2017 (**Oral**)
2. KIChE Fall Meeting and International Symposium, South Korea, October 19, 2016 (Poster)
1. NANO KOREA, South Korea, July 13, 2016. (Poster)

TEACHING EXPERIENCE

1. **Chemical & Biological Process Experiments II, Undergraduate Course:** Spring 2016 (student 110)
